

# My Blog for June

Hi, my name is Aisling. Time has gone by so quickly and the end of the school year is here. I am very excited for the summer holidays and already can't wait to come back near the end of August.

June was a great month for me: end of school year; sports day; spelling bees; board games and much more. I'm here to tell everybody about the amazing month I've had!

First of all, we had a blast on sports day on the 3<sup>rd</sup> of June. There were medals to be won for 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> in the long run and the sprint. We held a sack race, an egg and spoon race, javelins and hurdles. My favourite event was the sack race. I didn't win anything but I still had loads of fun!

We had ipads on Tuesdays. We all made penguin documentaries using Adobe Spark. Gavin, our IT teacher, showed us how to do it with the lessons he made. We brought in our headphones so that it didn't get noisy!

We were allowed to do anything we wanted for P.E. as our 40 stickers treat. There was a lot of equipment available and we could play whatever we wanted! Some people played football, some played tennis, some played basketball and some did other things. I joined some of my friends who were playing basketball. Those P.E. classes were a lot of fun.

One day, Magician Carl visited us and showed us a few of his magic tricks via Zoom. He even chose some people to come up to the screen and help him with his magic trick. He showed us card tricks, vanishing tricks and illusions. It was amusing.

On another day, we all got ice-cream as a treat since we didn't go on a school tour this year. All of us lined up to go outside. I got an ice cream with strawberry syrup and a chocolate flake. The ice-cream was good. And believe it or not, that is not all that made June a great month for me.

We held a small spellings bee contest in our class from time to time for fun. Teacher would test each group with spellings and whoever won went to the finals. I won spellings bee once. Spellings bee was enjoyable.

Did I mention board games? For the second last week of school we played board games instead of doing art on Fridays. I liked art but board games were a lot of fun too. I played chess with a friend but sometimes never got to finish the game!

And, on the last week of school, we did not have any homework or tests. Well, no tests other than the fitness test! I got to level 17. I was puffing and panting at the end. That was the highest level I ever reached in the fitness test.

This month our shared reading sheets were collected. I adore reading and my favourite book is Horrible Histories Woeful Second World War.

On Friday we are going to watch Shrek 2. It will be my last day in fifth class! I hope the movie will be good.

By the way, my family and I did some gardening this month. I planted strawberries, lettuce, spinach, parsley, spring onion and garlic. My sister planted a sunflower and marigolds. My dad planted a few trees and my mum planted a few flowers.

So, all in all, it has been a great month. I'm already looking forward to next year! Have a great summer holiday!
